- Quick Learning

LANGUAGES

- Marathi
- English
- Hindi

PROFILE SUMMARY

A passionate and self-driven Computer Science student seeking opportunities to apply and expand my programming, development, and problem-solving skills. Eager to contribute to real-world tech solutions and grow as a full-stack developer. My goal is not only to grow personally but also to uplift and support the growth of those I collaborate with. I believe in learning, sharing, and creating value together.

WORK EXPERIENCE

CSI ACE Member   2025 - PRESENT
Frontend Developer

As an active member of CSI ACE, I contribute as a Frontend Developer, gaining hands-on experience by working on real-time projects. My skills are rapidly growing through practical development and continuous learning from online lectures. I am committed to becoming a Full-Stack Developer by the end of this year, constantly improving my problem-solving and teamwork abilities. This journey has strengthened my technical expertise and adaptability, while also fostering collaboration and knowledge-sharing within the team.

PROJECTS

Tic Tac Toe Game
Using HTML, CSS & JavaScript.
- Created an interactive 2-player Tic Tac Toe game.
- Implemented logic to detect winning combinations and draw scenarios.
- Designed a responsive UI for a better user experience.

Atharva College Attendance System
Using React.js, Tailwind CSS & Axios API.
- Developed a complete attendance management system with QR code scanning functionality.
- Built and designed all pages of the project using React.js and Tailwind CSS for a modern, responsive UI.
- Integrated Axios API for seamless data fetching and backend connectivity.
- Ensured smooth user experience by implementing efficient navigation and clean component structures.
